QA Process & Test Case Portfolio

Structured Test Strategy, Risk Modeling, and Regression Governance

Total Unique Test Cases Documented: 158

Prepared by:

Sanyogita Herwathe

OD Sorted Test Case Overview

SR#	OD ID (from TestLink)	Test Case Description
1	OD-31	1: Verify "All Orders- delayed" updates require valid input on "Create an Order" page
2	OD-41	1: Validate invalid inputs cause search failures for "Orders Ready"
3	OD-125	Verify "All User" loads successfully
4	OD-126	Verify "Add New" loads successfully
5	OD-127	Verify Edit/ Update User loads successfully
6	OD-128	Verify All Roles page Loads successfully
7	OD-129	Verify "Create an Order" Page loads successfully
8	OD-130	Verify "New Order" Loads Successfully
9	OD-131	Verify "Order Processing" Loads Successfully
10	OD-132	Verify "Orders Ready" Loads Successfully
11	OD-133	Verify "Completed" Loads Successfully
12	OD-134	Verify "Scheduled" Loads Successfully
13	OD-135	Verify "All Orders" Loads Successfully
14	OD-136	Verify "Order History" Loads Successfully
15	OD-137	Verify "Show entries" of 10 users functions--export and "All Users" list
16	OD-138	Validate User creation require valid input
17	OD-139	Validate user updates require mandatory Fields
18	OD-140	Verify user update functions
19	OD-142	Validate User creation require mandatory Fields
20	OD-143	Verify "Change Password" page loads successfully
21	OD-144	Verify "delete" functions for "All Users" page
22	OD-156	Verify whole word search functions on "All Users"
23	OD-157	Verify "Excel" export functions
24	OD-158	Verify "CSV" export functions
25	OD-159	Verify "PDF" export functions
26	OD-160	Verify Add Roles page Loads successfully
27	OD-161	Verify Update Roles page Loads successfully
28	OD-162	Validate Role can be created with valid input

SR#	OD ID (from TestLink)	Test Case Description
29	OD-163	Verify Login Access failure for Restricted Users
30	OD-164	Verify Cancel button works for Update Role
31	OD-201	Validate Role updates require valid input
32	OD-221	Validate "items" addition to "Orders"
33	OD-224	Verify "Delivery" category Order is created with valid input
34	OD-240	Validate Credit/Debit type payment details function with valid input
35	OD-265	Validate Cash on Delivery type payment details function with valid inpu
36	OD-266	Validate addition of Customer using valid input
37	OD-267	Verify mandatory input is required to create a Customer
38	OD-282	Verify "Pickup" category Order is created with valid input
39	OD-292	Verify "T akeout" category Order is created with valid input
40	OD-293	Verify "Dine-In" category Order is created with valid input
41	OD-298	Verify "New Orders" updates require valid input on "Create an Order" page
42	OD-303	Verify "All Orders-Rejected" updates require valid input on "Create an Order" page
43	OD-307	Verify "All Orders- Ready for Pickup" updates require valid input on "Create an Order" page
44	OD-308	Verify "All Orders- Delivered" updates require valid input on "Create an Order" page
45	OD-309	Verify "All Orders-Cancelled" updates require valid input on "Create an Order" page
46	OD-310	Verify "All Orders- delivery on its way" updates require valid input on "Create an Order" page
47	OD-312	Verify "All Orders- delivery failed" updates require valid input on "Create an Order" page
48	OD-313	Verify "All Orders- accepted" updates require valid input on "Create an Order" page
49	OD-314	Verify "All Orders- complete" updates require valid input on "Create an Order" page
50	OD-315	Verify "All Orders- delete" updates require valid input on "Create an Order" page
51	OD-316	Verify "All Orders- refunded" updates require valid input on "Create an Order" page
52	OD-317	Verify partial word search functions on "All Users"
53	OD-318	Verify minimum char search on "All Users"

SR#	OD ID (from TestLink)	Test Case Description
54	OD-319	Verify maximum char search on "All Users"
55	OD-320	Verify special char search on "All Users"
56	OD-321	Validate invalid search input yields no search results
57	OD-322	Verify "Show entries" of 100 users functions--export and "All Users" list
58	OD-323	Verify "Show entries" function fails with invalid input 101 users
59	OD-324	Verify "delete" functions for cancellation on "All Users" page
60	OD-325	Verify "Show entries" of 10 roles functions--export and "All Roles" list
61	OD-326	Verify "Show entries" of 100 roles functions--export and "All Roles" list
62	OD-327	Verify "Show entries" function fails with invalid input 101 roles
63	OD-328	Verify "delete" functions on "All Roles" page
64	OD-329	Verify "delete" functions for cancellation on "All Roles" page
65	OD-330	Verify whole word search functions on "All Roles"
66	OD-331	Verify partial search functions on "All Roles"
67	OD-332	Verify minimum char search on "All Roles"
68	OD-333	Verify maximum char search on "All Roles"
69	OD-334	Verify special char search on "All Roles"
70	OD-336	Validate invalid search input yields no search results
71	OD-340	Validate User Creation with max Valid Input
72	OD-341	Validate User Creation with min Valid Input
73	OD-342	Validate User Creation failure with max chars as Invalid Input
74	OD-343	Validate User creation with special characters
75	OD-344	Validate user creation failure with duplicate invalid inputs
76	OD-345	Verify Customer name filters function for New Orders with valid input
77	OD-348	Verify Order Number filters function for New Orders with valid input
78	OD-349	Verify "Order Type" filter selection functions for various types of New Orders12/30/25, 4:01 PM testreport_onbuild Oh-Dish Users & Roles, POS and Orders Test Plan
79	OD-350	Verify Paid Payment status functions for New Orders types
80	OD-355	Verify Unpaid/Failed/Cancelled/Pending Payment status functions for New Orders types
81	OD-356	Verify Sort-OrderID-Ascending functions for New Orders types

SR#	OD ID (from TestLink)	Test Case Description
82	OD-357	Verify Sort-OrderID-Descending functions for New Orders types
83	OD-358	Verify Sort-Delivery time-Ascending-Descending functions for New Orders
84	OD-359	Verify Accepted/Rejected functions for New Orders types
85	OD-360	Verify "+Add" function in "Summary" box of "New Orders"
86	OD-361	Verify "Delay Order" function in "Summary" box of "New Orders"
87	OD-362	Verify "Cancel Order" function in "Summary" box of "New Orders"
88	OD-363	Verify "Print" / "Download pdf" buttons function for "New Orders"
89	OD-364	Validate invalid inputs cause search failures for "New Orders"
90	OD-365	Verify Customer name filters function for "Orders Processing" with valid input
91	OD-366	Verify Order Number filters function for Orders Processing with valid input
92	OD-367	Verify "Order Type" filter selection functions for various types of Orders Processing
93	OD-368	Verify Paid Payment status functions for Order Processing types
94	OD-369	Verify Unpaid/Failed/Cancelled/Pending Payment status functions for Orders Processing types
95	OD-373	Verify Sort-OrderID-Ascending functions for Orders Processing types
96	OD-376	Verify Sort-OrderID-Descending functions for Order Processing types
97	OD-377	Verify Sort-Delivery time-Ascending-Descending functions for Orders Processing
98	OD-378	Verify "Print" / "Download pdf" buttons function for "Orders Processing"
99	OD-379	Validate invalid inputs cause search failures for "Orders Processing"
100	OD-380	Verify Customer name filters function for "Orders Ready" with valid input
101	OD-381	Verify Order Number filters function for Orders Ready with valid input
102	OD-382	Verify "Order Type" filter selection functions for various types of Orders Ready
103	OD-383	Verify Paid Payment status functions for Order Ready types
104	OD-384	Verify Unpaid/Failed/Cancelled/Pending Payment status functions for Orders Ready types

SR#	OD ID (from TestLink)	Test Case Description
105	OD-385	Verify Sort-OrderID-Ascending functions for Orders Ready types
106	OD-386	Verify Sort-OrderID-Descending functions for Order Ready types
107	OD-387	Verify Sort-Delivery time-Ascending-Descending functions for Orders Ready
108	OD-388	Verify Successful Delivery functions for Orders Ready types
109	OD-389	Verify "Delivery Failed" functions for Orders Ready
110	OD-390	Verify "Print" / "Download pdf" buttons function for "Orders Ready"
111	OD-391	Verify Customer name filters function for "Completed" with valid input
112	OD-392	Verify Order Number filters function for "Completed" with valid input
113	OD-393	Verify "Order Type" filter selection functions for various types of Orders Complete
114	OD-394	Verify Paid Payment status functions for Order Complete types
115	OD-395	Verify Unpaid/Failed/Cancelled/Pending Payment status functions for Completed types
116	OD-396	Verify Sort-OrderID-Ascending functions for Orders Completed types
117	OD-397	Verify Sort-OrderID-Descending functions for Order Complete types
118	OD-398	Verify Sort-Delivery time-Ascending-Descending functions for Orders Complete
119	OD-399	Verify "Print" / "Download pdf" buttons function for "Orders Complete"
120	OD-400	Verify Customer name filters function for "Scheduled" with valid input
121	OD-401	Verify Order Number filters function for Scheduled with valid input
122	OD-402	Verify "Order Type" filter selection functions for Orders Scheduled
123	OD-403	Verify Paid Payment status functions for Order Scheduled
124	OD-404	Verify Unpaid/Failed/Cancelled/Pending Payment status functions for Scheduled types
125	OD-405	Verify Sort-OrderID-Ascending functions for Orders Scheduled types
126	OD-406	Verify Sort-OrderID-Descending functions for Order Scheduled

SR#	OD ID (from TestLink)	Test Case Description
127	OD-407	Verify Sort-Delivery time-Ascending-Descending functions for Orders Scheduled
128	OD-408	Verify "Print" / "Download pdf" buttons function for "Orders Scheduled"
129	OD-409	Validate invalid inputs cause search failures for "Orders Scheduled"
130	OD-410	Validate invalid inputs cause search failures for "Completed"
131	OD-412	Verify Start to End Date Filters function for "All Orders"
132	OD-413	Verify "Show Entries" functions for "All Orders"
133	OD-414	Verify Filters function "By Customer" function for "All Orders"
134	OD-415	Verify Filters function "By status" function for "All Orders"
135	OD-416	Verify Filters function "By Order type" function for "All Orders"
136	OD-417	Verify "Excel"/ "CSV"/ "PDF"/"Print" export functions for "All Orders"
137	OD-418	Verify "View" and "Download" functions in "Actions" on "All Orders"
138	OD-419	Verify "Prev"/ "Next" and Current page buttons function on "All Orders" page
139	OD-420	Validate Promo Coupon Code and Discount Valid input functions for any Order
140	OD-421	Validate Promo Coupon Code and Discount Invalid input functions for any Order
141	OD-460	Verify View Function : Orders Tab
142	OD-461	Verify Delete Function : Orders Tab
143	OD-462	Verify Filters Function : Orders tab
144	OD-463	Verify Ticket Function : Orders Tab
145	OD-464	Verify Orders Tab Loads Successfully
146	OD-465	Verify Ticket Details Collapse button : Orders Tab
147	OD-466	Verify Hold Tab Loads Successfully
148	OD-467	Verify View Function : Hold tab
149	OD-468	Verify Delete Function : Hold Tab
150	OD-469	Verify Filters function : Hold Tab
151	OD-470	Verify Ticket Function : Hold Tab
152	OD-471	Verify Collapse Details Ticket Function: Hold tab
153	OD-472	Verify Table Tab Loads successfully12/30/25, 4:01 PM testreport_onbuild Oh-Dish Users & Roles, POS and Orders Test Plan

SR#	OD ID (from TestLink)	Test Case Description
154	OD-474	Verify valid selection (Room-T able-Guests) updates a Dine In Order Details
155	OD-475	Verify Request Tab Loads Successfully
156	OD-476	Verify Request Tab functions as expected with Valid Input
157	OD-478	Verify addition of Delivery Address for Delivery type orders with valid input
158	OD-479	Verify addition of Delivery Address for Delivery type orders with invalid input
